

EMPLOYMENT OPPORTUNITY - EXTERNAL

Community Care Access Centres (CCACs) are the local point of access to community-based health care services. CCACs are funded by the Ministry of Health and Long-Term Care and were created to coordinate a variety of health services to maintain an individual's health, independence and quality of life. There are 14 CCACs in Ontario working together in the community to enhance access and coordination for people across the province. CCAC staff assist their clients in planning and making informed choices about health care options. They work in partnership with clients, families, care providers, hospitals, long-term care homes and others to ensure that the right care is available at the right time and place.

We are currently seeking a **CASE MANAGER**

Competition #	2010-100
